Faculty and Curriculum p. 17

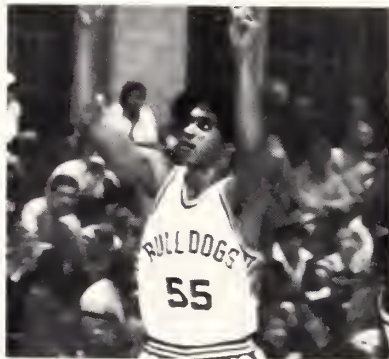

Clubs and Activities p. 39

We are all involved in the game of life. Starting from childhood, we play physical games such as kickball, baseball, and basketball. As we grow older, and mature, we begin to play more challenging games which use our reasoning capabilities: checkers, monopoly, and computerized electronic games. Finally, we add to our variety of games; The emotional games, which deal with the feelings between people, whether they be in sports, school, or friendship.

As we grow older, our challenges in the games we play increase. A child graduates from trying to be the best in tic-tac-toe to trying to "Go to the head of the class" to defeating the electronic enemy in computerized games.

Through our growth, we progress from a child learning to share, to trying to gain acceptance from our companions, to impressing our peers.

In all types of games, we are faced with a challenge; And as we overcome one, another awaits us whether we are alone, or in concert with others. We hope as we continue our journey through the game of life, that our skills will improve, and our strategies will turn us into victors.

ALMA MATER

Here stands our high school, tried
and true,
Where hearts have been content,
And thru the years our hearts will
cling
To memories we've spent.
O, Hail! O, hail! Dear Regional High,
A school like ours to cherish.
On solid rock she's standing still,
We know she'll never perish.

The tower stretching to the sky,
The babbling brook beside it.
We love thy halls, thy campus green
How high they lift our spirit.
O, Hail!, O, hail! Dear Regional High
We love and honor thee,
United voices sing thy praise
With sad hearts now we leave thee.

A SUBJECT MADE ...

History, a subject made long ago
 is something that
 we will always know
 World Cultures we had
 our very first year
 it's so far away but yet so near
 Onto U.S. History we went
 and two years on that
 was what we spent
 Learning all about our nation
 we all inquired an inspiration
 From the pilgrims to world war two
 our country continually grew
 Field trips were fun
 as they kept us on the run
 The school was a buzz
 when in came the fuzz
 We prepared the foods
 of a far away place
 we studied the clothing
 often made of lace
 The desirable ologies
 of soc and psych
 Gets the high fives
 as the ones we did like
 Studying the past gives
 the future a clue
 Learning by the old
 gives birth to the new

The Dayton Foreign Language Department continues to live up to its reputation of being an exceptional well-rounded language experience. In addition to teaching the basic language grammar and skills, each advanced class includes studies on the specific foreign history and lifestyles. In school, students have the choice of studying Spanish, French, German, Italian, Latin, Hebrew and even a combination of any two of these languages. Bilingual studies extend beyond the classroom when students participate in language-related activities, including trips, parties and fund raisers. Also, in class, oral communication is being stressed resulting in an additional challenge and interest in each particular language.

CHALLENGES IN

Mathematics . . . a repetitive procedure towards learning . . . starting with going over last night's homework. To find out if you **REAL-
LY** know **WHAT** you are doing and **WHY** you are doing it. Once we have that all cleared up . . . we go on to "A New Lesson." You're going to run into problems that you thought would "NEVER" work out. But somehow you couldn't leave it. The challenge was fun. It seemed like the pencil wore out before you did. Then . . . comes the final challenge — **TESTS**. This is when you either know it or don't and even if you do . . . **WATCH OUT** for those careless mistakes. They'll get you every time.

AN EXPERIMENT IN KNOWLEDGE

(Right) Mrs. Shannahan looks worried while Maury Jason fiddles with the Chemistry equipment.

(Far Right) Mr. Ferrara corrects Joe Melkowitz as Chris Woodall and Larry Scarcia look on.

Purpose: To explore and explain the world of the size of a molecule to a world as large as this planet, Earth. To answer questions like how many atoms are in a 100 ml. beaker of water, what is H_2O , how high does a ball travel thrown at a velocity of 80 feet per second and whether or not the sun shines when it is dark outside.

Data: Classes in biology, chemistry, physics and the earth sciences will be used as constants to determine the effectiveness of the methods used to teach students. Props such as frogs, goggles, microscopes, beakers, worms, nitroglycerin, lasers, and lab books are used to aid the teacher and the standard text book.

Conclusion: The science department has strived to present in a clear, precise error-free manner, the many different sciences which are the basis of our lives, in the past, present and future. This experiment was well-done and this department has achieved its purpose. Now every student, at least knows that the sun only shines on those who are out of the darkness. That is, the darkness of scientific knowledge.

TAKING CARE OF BUSINESS

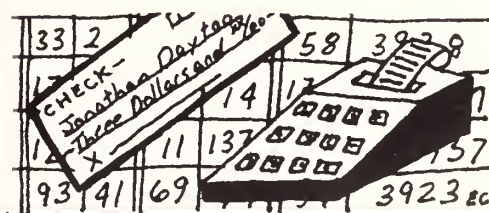

"ding ding ding" Good morning, please rise for the salute to the flag, says the voice of Ms. Cassak.

The business department attempts to teach a diverse student body, the knowledge and skills necessary as prerequisites to entering the world of business. Using up to date methods, the business teachers try to prepare students for the future. They cater basically to two different groups. The student who will go to college and take further business courses, will be taught the basic fundamentals of business in courses such as accounting, business management and business law. The student set to enter the employment market will be trained in methods suitable for immediate work after high school. Courses such as steno and typing are greatly emphasized for this type of student. Business in the 1980's will be a field of great importance. The business department hopes that every student will be able to utilize the information learned in his or her pursuits, whether immediately or in the future.

GAMES TO KEEP

What are your most vivid memories of Gym, Health and Driver Ed? You might think of all the times that you pleaded with your gym teacher or the nurse for a gym excuse when you really didn't feel like dressing for gym or you had a test the next period. Then there was Health, and the report that caused you to work until two in the morning so you could pass the final exam. We all remember Driver Education, when at first we were petrified (but not nearly as much as our teachers with their feet close to the brake at all times), and then we begged our teachers to go out for something to eat. We can now look back on all the times the guys would never throw the girls the football or basketball because the girls always seemed to mess up. And we still wonder: Do you recall the rules for badminton? Can you remember all the parts of a car? Do you still drive with your seat belt on? Well no one knows if we will remember these things, but it sure was fun learning about them!

A LITTLE HELP

Our school has many assets to it. Two of these assets are the Learning Resource Rooms, commonly referred to as the "LRC." Both of these rooms deal with remedial work and provide individualized instruction.

One of the rooms is basically for supplemental instruction of most major subjects. In this room the students work on assignments given in their other classes, or they work on assignments given to them by the LRC instructors to strengthen a particular weakness. The other LRC is slightly more structured, and works on a more one to one basis.

CLUBS AND ACTIVITIES

KEY CLUB

The Key Club is an organization that is dedicated to serve the school and community. The club undertook many projects in compliance with this year's Administrative Theme — "Pursue Tomorrow's Potential." One of the projects the club performed was with the Mountainside Children's Hospital, in which the club members helped the children and gave them parties.

Other projects include fundraising for Leukemia, the March of Dimes, and the Cancer Society. Also every month the club partakes in a very successful glass-in. They collect paper and glass for recycling.

This year's officers are: President Joe Cohen, Vice-President Elliot Wolfson, Secretary Lisa Kiell, and Treasurer Danny Schlager. Also for the first time, the club has two District (state) officers. Richard Kesselhaut is District Treasurer and Howard Haimowitz is Lieutenant Governor-Elect for Division 11. Both members will be attending the International Convention in Chicago this July.

The club will also send over thirty-five members to this year's District Convention, April 23-25 at the Tamiment Resort in Pennsylvania. At the convention the club will compete for various awards. Last year the club took Second place for clubs whose size is from 60-90 members. This year the club hopes to take First Place.

Nancy Borrus and Lenny Glassman enjoy the "free" sundaes.

The Varsity Club is an organization consisting of different types of athletes who participate in school sports and are awarded a varsity letter. Through the leadership of advisor Roland Marionni, the members are involved in many fund raising and community activities throughout the school year. These athletes are not only a part of the club to earn money for their jackets, but also to volunteer their services to Mountainside and Springfield. During the fall the club collected turkeys, pies, and canned goods to prepare Thanksgiving baskets that were donated to needy families. For the upcoming spring the club plans to visit the Children's Specialized Hospital and to donate blood to the blood bank in Overlook Hospital in Summit.

Due to the lack of funds in the past years, Mr. Marionni has devised a new system for the athletes to earn money for their jackets. The profit made from a sale by each individual member is deducted from the price of his or her jacket. Mr. Marionni feels that this will also encourage the club's older members to continue selling and remain involved in club activities because they are able to earn money to deduct from the price of their jackets. This year the club has sold candles and plans a "Spirit Sale" for the Spring. This involves the sale of baseball shirts and painter's hats which display the bulldog emblem in our school colors. This sale is a promotion to boost spirit and interest in all sports throughout our school.

Mr. Marionni discusses the club's plans for future fund raisers.

REGIONALOGUE

Photography Editor Maury Jason, Michele Grossman and Joe Cohen — Layout and Design Editors

The Regionologue staff has made one major change this year. The book may seem a little heavier than in past years due to the addition of eight new pages. With these extra pages the Student Life section has been expanded and individual pictures of underclassmen have been included. The change has not only been beneficial for the promotion of sales, but has also added a new dimension to the yearbook format.

Working diligently since the beginning of the year, the staff has tried to represent the school as a whole in order to make the book more appealing. With a great deal of help from Mrs. Hedges, the staff has succeeded in producing a bigger and better yearbook.

DAYTON JOURNAL

(L to R) J. Lesnik, M. Smith, J. Silverman, D. Gold, L. Hartman, L. Kiell, L. Wallach; M. Danberg, M. Silverman, D. Zonerick, P. Edelcreek, J. Levitt, F. Israel, L. Meskin, M. Zandell.

Like a diary, the *Dayton Journal* is a record of important feelings and moments of J.D.'S students. Our news events appear on page one, our opinions and concerns are on the Editorial page, other news, social happenings, and puzzles are on the third and fourth features pages, and our actions are in print in the Sports Section. Step by step, every aspect of the paper is created by the Editorial Board and staff. Beginning with the assignment of articles and reporting, then on to editing, and typing before layout. When the "dummy" sheets return from the printer, the editors proof-read the copy. After the published newspapers arrive, the staff distributes them.

Striving to match the excellence of the '80-'81 *Journal*, which won a national first place award from the Columbia Scholastic Press Association, this year's staff worked diligently to produce a quality issue every four weeks. Especially popular was the return of "The Roving Reporter," and the "Valentine's Messages" published in the February edition. The Board consisted of many returning editors and staff members. This year's Editorial Board, under the direction of Editor-in-Chief Susan Benford, was made up of News Editor, David Gold, Editorial Page Editor, Scott Hewitt, Features Editor, Jack Levitt, and Sports Editor Lisa Wallach. Michael Silverman was Art Editor, Jon Silverman, Photography Editor, Michael Danberg, Assistant Photography Editor, Melissa Zandell, Finance Editor, Paula Edelcreek, Business Editor, and Milton Smith, Secretary.

A special thank you goes to advisor, Mr. John Cafone, who not only worked with the staff, but befriended them.

NATIONAL HONOR SOCIETY

The National Honor Society is designed to especially honor those high school students who exhibit superior scholastic ability. It is an organization sponsored by the National Association of Secondary School Principals. The students selected by the

Honor Society must exhibit good moral character and leadership, plus service to the school and community. The faculty considers these qualifications in students who have maintained a 3.5 average or better throughout the first five semesters of high school.

The Latin Club is comprised of students who study Latin during the year. The major activity this year was the club's Halloween Party. The members bobbed for apples and played Latin games created by the students.

In April, the club will attend the annual JCL State Convention. At this convention, Latin Clubs from all of New Jersey come to compete in all aspects of Latin Grammar and Roman Culture. In the Spring, the Club plans to visit the Cloisters Museum to observe Medieval Latin and Roman influence on Medieval Europe.

Joseph Cohen, Vice President of the Latin Club, looks studious.

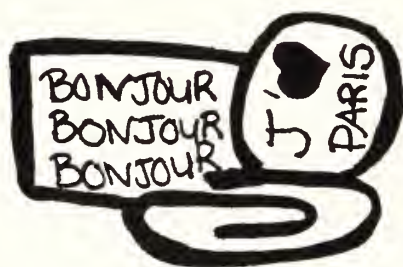

During the first meeting, club officers were elected: Thea Winarsky, President; Jodi Cohen, Vice President; Michelle Steir, Secretary. Miss Fahrmann supervises the group. At publication the French Club is planning to hold a fund raiser. They will sell "jumbo" plastic paper clips, buttons and stationery. The money raised will be used for future activities.

Earlier in the year, the club had prepared to take part in the International Dinner, which was cancelled due to threats of bad weather.

New "poppin fresh ideas" will make the year a success.

The German Club, as usual, has had a very active year. To start the year, the club participated in the annual German Heritage Festival at the Garden State Art Center. They placed first in the student activities, headed by Mrs. Oberding. Activities included such events as a trivia contest, balloon races, and an apple-shooting contest. Then in October, the club celebrated the beginning of fall with an Oktoberfest. The evening included dinner, folk-dancing, and singing. At the time of publication, the German club also had several events planned for spring. These activities are a German Karnival in February, the annual Immersion Weekend in March at the Lawrenceville High School, and an end of the year picnic in June.

The Hebrew Club was very successful this year under the advisement of Mrs. Eckman. During December the club sold pens and markers as its fund raiser. At publication time, they are involved in preparing for the International Dinner.

The club took many trips this year. In November they went to New York City to see "The Troupe," the Israeli film, which was followed by lunch at an Israeli cafe, "The Diamond." At publication, the club is planning to see a Broadway show, "The World of Shalom Aleichem." Another trip is planned for where the club will travel to the lower east side of New York City to see the "Matza Factory" and a later trip to the "Jewish Museum of Natural History."

The officers of this year's club were president, Renee Trambert, vice presidents, Rhonda Greenblatt and Rivka Marko, secretary, Paul Edelcreek, and treasurer, Gloria Yee.

The Italian Club is composed of a group of students who learn about the Italian culture as well as how to speak the language throughout the school year. Under the advisement of Mrs. Murphy the club sponsored successful fund raisers in order to save for a cultural trip in the spring. This trip will be another way that the students can become better acquainted with the Italian culture.

The Club also attended the International Dinner which was very successful and enjoyable.

The Spanish, French, and German National Honor Societies consist of the top students who are studying each particular language. Qualifications for becoming a member of one of these groups are as follows: the student must earn at least a 3.5 average in the particular language in addition to maintaining a 3.0 average in all other academic subjects.

The members of the three Language Honor Societies participate in fund raisers, parties and other fun-filled, beneficial activities. The Spanish National Honor Society functions under the supervision of Mr. James Farrel. Miss Carolyn Fahrman advises the French National Honor Society. The German National Honor Society's advisor is Mrs. Barbara Oberding.

The Spanish Club was involved in many activities this year. The club organized the annual International Dinner, which was scheduled for December, but postponed to a later date because of snow. Members of several language clubs volunteered to prepare and serve authentic dishes from various countries. The Spanish Club also planned a trip to New York City to see a Spanish show. Officers of the club include President Diane Blanda, Vice-President Janet Leber, Secretary Maury Jayson and Treasurer Karen Fiszer. Club advisor is Miss Anita Epstein.

GROUP I CHAPTER V

This year marked the third consecutive championship season for the Dayton Marching Band. The season began with two second place trophies. One at Morris Knolls, the other at Governor Livingston. But Dayton's championship form came through as they took first place trophies at the David Brearly, Lenape Valley, and Poughkeepsie competitions. The band then repeated their success of the past two years and were once again the Group I Chapter V Champions. As a

result, they qualified to enter the Tournament Bands All-Chapter Championship for the Atlantic Coast held in Allentown, PA. Going up against the 15 best bands on the coast, Dayton placed 4th.

The band has planned to perform several parades in the Spring. They have also planned their annual Spring trip with the money earned from various fund raisers. Senior student leaders of the band are Nancy Hammel, Drum Majorette; Karen Hudgins and Diane Grieco, Co-

Captains of the Color Guard; Julie Klubenspies, Band Sergeant and Alto Section Leader; Robert Pracht, Soprano Section Leader; Marc Parmet, Bass Section Leader; and Sue Tesse, Percussion Captain. The Band is under the direction of Mr. Jeffrey Anderson.

ALL THAT JAZZ...

The Jazz Ensemble gives talented students of the Concert Band the opportunity to perform more challenging music selections. The group plays a variety of Maynard Ferguson tunes which involve a great deal of holding difficult notes on their instruments. Three outstanding musicians are Robert Pracht — trumpet, Jono Brown — percussion, and Marc Parmet — saxophone.

The Ensemble is divided into various groupings: the saxophones, the woodwinds, the brass, and the percussions. These groups had several performances planned outside of school. They were advised by Mr. Anderson.

JERSEY DEVILS STRIKE AGAIN!

Linda Seymour, captain of the Guard, smiles during a performance.

The indoor Guard consists of eighteen students who mainly were part of the band during the fall. The girls perform a series of colorful maneuvers to music. The Guard is made of a saber line, a flag line, and a rifle line. This year's captain is Linda Seymour along with her co-captains of the rifle line and saber line — Chris Martino and Marilyn Hammer, respectively.

Although they are competing in a more difficult circuit, the Guard is confident of sustaining their victorious reputation. There will be a competition held at Dayton and it is sure to be well attended. The Guard wishes to give a special thanks to instructors Jeffrey Anderson, Betty Dilapi, Fran Gilen, and Ed Doshier.

THE WINTER

CONCERT

SING . . .

The Vocal Music Department directed by Mr. Ed Shiley, provides a singing experience for any student at any level of vocal development. For each of the three levels of choirs, the member is offered the opportunity to improve his or her skills, whether it is learning to develop in the Vocal Workshop, learning to develop a deeper appreciation for music in the Concert Choir, or further developing one's talents in the highest level choir, the Chorale. Members of the Chorale are chosen by audition and perform at the majority of the fifty concerts given by the choirs each year. All choirs participate in many fundraising activities to raise money for choral experiences such as chorale retreat weekends, international and national music festivals, exchange concerts with other schools from other states and television appearances. Fund raisers have included a singing marathon, door to door sales and an Elizabethan Madrigal Dinner.

Drama Club: *Front, l to r:* Jean Caizzo, Anthony Bachus, Karen Doty. *Middle:* Sue Benford, Linda Bongiovanni. *Back:* Scott Hewitt, Diane Blanda, Michele Grossman, Vincent VanPelt, Barbara Sauer, Mary Itri.

Advised by Mr. Joseph Trinity, the Drama Club is composed of students interested in acting and seek the opportunity to display their talents, improve their abilities, and learn more about the behind-the-scenes work of the theater. Members meet to practice their talents through impromptu skits called "improvisations," and through skill-developing techniques such as "Freeze and Justify." Students offer helpful, constructive criticism to one another in order to polish their performances. Most club members participate in some aspect of either the fall drama, which the club sponsors, or the spring musical. This year's Drama Club raised money for the play by selling homemade chocolate and granola at the Homecoming Dance. Active membership in theater productions and Drama Club often leads to admittance into the International Thespian Honor Society. Any student, regardless of whether or not he is a Drama Club member, who has achieved meritorious accomplishments in the theater, either on or behind the stage, will be asked to become a member by the Society.

The Student Auxiliary was in full swing again this year with one major change. This change is the title these girls go by. Last year they were known throughout the school as "The Ushers." However, after much deliberation they changed their names. As Geralyn Pollack explains, "We do much more than usher. We act as guides to show visitors around Dayton on back-to-school nights and at orientations. We do usher at the plays and musicals, but that is just a small part of our job." The Student Auxiliary consists of about twenty girls from all four grades. They are under the guidance of Mrs. Eleanor Billig.

UP THE DOWN STAIRCASE

The cast hard at work!

Up the Down Staircase was presented by our students in Halsey Hall on November 6. The setting of the play was at Calvin Coolidge High School in New York City. This one set comedy was about a teacher, Miss Barrett, adjusting to New York's style of teaching.

The determined cast, after much practice, presented an excellent play. The student director, Scott Hewitt, and director, Mr. Trinity, helped make this play a big success. We would like to congratulate the cast on their outstanding performance, especially, Laura Parmet, Diane Blanda, Brandt Feurstein, Anthony Bachus, and Alan Souza.

GREASE IS THE WORD ...

This year's performance was Grease, a 50's rock'n roll musical. On Broadway, Grease enjoyed one of the longest runs in history. The musical is not only popular because of its music but also because of its love story involving the two major characters Danny Zuko and Sandra Dee, played by Lisa Barré and Robert Julian. Under the direction this year of Mr. Shiley and Mr. Kaiser, who is returning for his second year, the musical will be performed three times in April.

The members of the Strategy Gaming Club meet once a week after school to play various wargames. Although many types of games are played, the most popular are Advanced Dungeons and Dragons and Gamma W World. The participants enjoy becoming someone or something besides themselves through role playing. Each four hour gaming session enables players to work their imaginations through problem solving and combat. The imagination is also called upon to "live" in various time periods according to the current game. Mr. Kaptor, the advisor and avid wargamer himself, explains, "During one session, a player can fight side by side with King Arthur and the Knights of the Round Table. During the next session, the player can enter into post nuclear holocaust earth in the year 2300." Officers of the club are, Frank Tortorello - President, Jim Slater - Vice President, and Alan Binstock - Treasurer.

1981 proved not to be just another season for the girls gymnastic team. Last years' titles were not enough for the girls and team coach, Howard Cushnir. They had expectations of winning another Union County Title and felt strongly about qualifying for the state sectionals and state finals.

Mr. Cushnir prepared the girls for this tough season through long hours of hard practices and team discipline. They were PSYCHED! The team opened up its dual meet season with five wins and losing only two the rest of the year.

Going into the big team meets, the girls were at their best. But the Union County Tournament proved to be a disappointment after their defeat to a tough Scotch Plains

team. The Dayton team took home second place while an elated Paige Carter took first place on balance beam and first place all around!

The next meet was the state sectionals with Paige Carter, Karen Rose and Gina Pashaian giving their best performances of the year. They pulled the team into second place, which earned them a spot in the state finals.

There the whole varsity team: Paige Carter, Trisha Federico, Karen Rose, Gina Pashaian, Carol Carpenter, JoAnna Fusco, and Linda Anagnos exhibited their top performances and as a result the team scored their highest ever, 99.80 and won themselves a well-deserved 9th place standing in the State Finals!

Jack Parent is ready for victory.

John Apicella gains yardage against West Orange.

It began like so many other football seasons. It ended like no other. For the first time in Dayton history the Bulldogs went to the playoffs.

Most people never imagined that the Bulldogs would go as far as they did, but Coach Angelo Senese had no doubts. "At the first coaches meeting I looked around and said, 'We will be in the playoffs!' " And he was right.

What made the season a success? Perhaps it was that the players believed in the coaches, or that the players sacrificed more over the past four years than any other group, or possibly the weight training program. Senese believes it was a combination of all of these.

Under the leadership of co-captains John Apicella and Jack Parent, the Dawgs completed an 8-3 season. They could not have done it without Dan Circelli, Nino Parlevocchio, Ron Martignetti, and Kyle Hudgins.

Success was not the only thing that made this season different. For the first time in ages, spirit and enthusiasm circulated through the student body. Fans turned out in record numbers to see the Dawgs crush Warren Hills and advance to the finals. When time ran out in Hackettstown, the Bulldogs received a standing ovation. They had proven that they were winners. How would Senese sum up the season? "Memorable, historic, fantastic, and ... FUN!"

HOMECOMING '81...

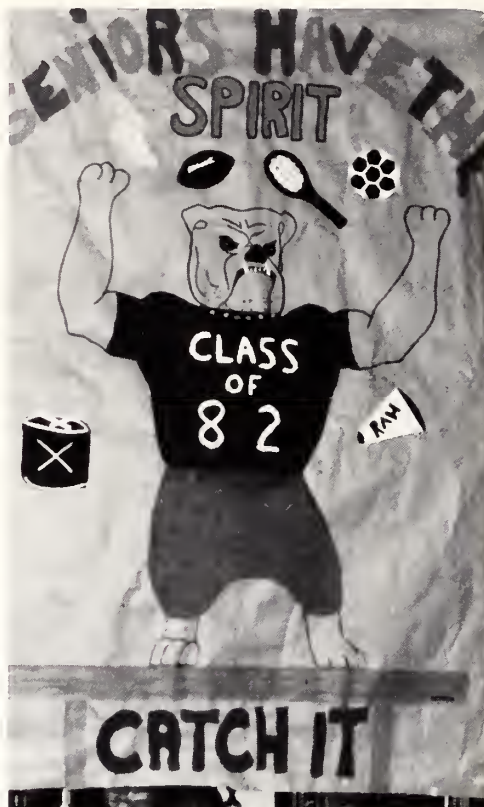

This year the cheerleaders wanted to get everyone involved in the Fall Festival, not just the seniors and the athletes. The main objective was to raise school spirit throughout the student body.

It all began on Halloween when students, dressed in costumes, attended the season's first pep rally. The excitement continued as the classes painted their banners for the Banner Competition. Points were awarded to the class with the best banner. The winner of this contest was the junior class, with the seniors running a close second. All the banners were displayed at the Orange and Blue Day Pep Rally on November 6, where "spirit points" were awarded to the most spirited class.

The classes also competed this year in the Second Annual Hall Decoration contest. All the decorations were great, but the judges once again picked the junior class's hall as their favorite.

This year's Homecoming Game against Spotswood was played on November 14. During the game the Homecoming Queen and Mr. Regional candidates, as well as the Homecoming Court, were introduced. However, no one knew the winners until the Homecoming Dance on November 20. At 9:00 Scott Connolly was crowned Mr. Regional, along with Homecoming Queen Nancy Hammel and her court: Yael Rubenanko ('83), Karen Apicella ('84), and Joanna Circelli ('85). And how can we forget the Court Jester, Zenon Christodoulou. The excitement grew with the annual Turkey Day Pep Rally, on November 25, where all the classes went wild. Finally, the fun ended with the victorious Thanksgiving Day game against West Orange.

The cheerleaders want to thank everyone for their support and spirit, and congratulate the junior class for winning the class competition.

Returning from a .500 season last year, the Boys Soccer Team finished with a 13-4 record under the coaching of Mr. Joe Cozza. Through hard work and dedication the team became Mountain Valley Conference Champs. However, in the tournament action against Westfield and Madison, they were not as victorious.

Two tremendous aids this season were Henry Largey and Andrew Grett. Henry set a school record with a total of 33 goals, while Andy contributed with twelve shutout performances. Yet, these two players did not perform alone. They were supported by an excellent defensive and offensive lineup. The entire team was outstanding.

The year of 1981-82 introduced the new Girls' Soccer Team, coached by Mr. Krupp. While competing against many top teams in the state, the hard working team compiled a 7-7-2 record. Their determination and enthusiasm paid off as it advanced them into the state and county tournaments. This accomplishment exceeded the expectations of this first year team. Leading players were underclassmen Lisa Wood, Kathy Price, and Kathy Rickerhouser. Senior Linda Graziano provided the needed scoring with 12 goals. The girls look forward to success and victory next year with the return of many underclassmen.

The Girls' Cross Country team may receive little recognition and attract few spectators, but it is one of our most successful sports. Distance running is a difficult sport because it requires a lot of time and concentrated work. The girls practiced hard throughout the season and this dedication paid off; the team displays an excellent dual meet record of eight wins and one loss. In the larger meets, the team placed second in both the Conference, and the Union County Championships; fourth in the Sectionals, and twelfth in the State Groups.

The captains, Janis Levine, Maureen Kelly, and Alice Barry led the runners to their many victories. The number one runner throughout the season was sophomore Laura Richter, who shows much promise for the future. Following close behind were Shirley Salemy, Beth Mortimer, Janet Leber, and Jayne Kakol. Adding depth to the team were sophomores Sandy Brenner, Amy Kiell, Kathy Drummond, Karen Apicella, Traci Spivack, Traci Karr, and Margaret Taylor. Coach Bill Jones looks forward to another successful season next year with the large number of underclassmen returning.

STANDARD OF EXCELLENCE

A new conference, and a relatively inexperienced squad could not stop the Boy's Cross Country Team from continuing their standard of excellence and their winning ways. Led by senior Scott Connolly, the team finished third in the Counties and sixth in the Groups, while fashioning a very respectable 12-3 dual meet record. Connolly had a spectacular season, including a fourth place finish in the Counties. Seniors Jim Melkowitz and Matt Eick enjoyed fine seasons, as did underclassmen Ron Fusco, Mitch Cutler, Dan Connolly and Joe Melkowitz. Coach Martin Taglienti was pleased with the teams performance and next year he expects more with the amount of returning lettermen.

GIRLS' TENNIS WINS STATE TITLE

Exceeding all expectations, this year's girls' tennis team had a most successful season. To go along with a 10-10 record, the team reached the quarter-finals in the Group II State Tournament.

The team's starting line-up consisted of Junior, Perri Teitelbaum at first singles followed by Sophomores Linda Hockstein and Allison Keehn at second and third singles respectively. A rotating system was used for the doubles this year which included Sophomore Janie Ginsberg, Senior Kathy Costalos, and Junior Barbara Petitti. The line-up ended with Seniors Holly Hafeken and Beth Gillman at Second doubles. Both Teitelbaum and Hockstein led the team through its banner season as they each placed second in the Union County Tournament.

Playing impressively, the team captured first place in the State Sectionals, a goal never reached before in the history of girls' tennis at Dayton. However, as the team entered the quarter-finals in the group tournament, they were unable to defeat Rumson, a top ranked team in the state. Mr. Jasinski, who has been the coach of the girls' tennis team for twelve years has been especially pleased to have coached this talented team and looks forward to more winning seasons with experienced underclassmen.

CHEERLEADERS REALLY

Fall tryouts — based on more than just skills and abilities. An important part of the "BIG DECISION" involved attitude towards cheering, school enthusiasm, and a final interview. After the squad was chosen, no one realized how much time and dedication was needed to cheer for boys' soccer, girls' soccer, and football. In our "spare time" we successfully raised school spirit through our Fall Festival, pep rallies, Orange and Blue Days, decorating athletes' homes and field house. Cheerleading became a 6 day a week event.

Days were long, weeks even longer. Somehow we not only lived through it ... We loved it! Special friendships formed as we cried together, laughed together, and celebrated the season together. As a squad we discovered our strengths and our weaknesses. This season was one we will never forget. As the saying goes, "Cheerleaders really do have more fun."

DIFFERENT best describes the winter cheerleading squad. Unlike any other Varsity squad in the past, this year's squad was made up of sixteen girls and included sophomores. The size of the squad was increased to insure having eight cheerleaders at a game. Sophomores were included so that a squad of sixteen was possible.

With the fall season ending so late, the cheerleaders had very little time to prepare for the winter season. Unfortunately, the new cheerleaders had to receive "on the job training" during December. However, as the New Year began the squad started to look and act like a unified group.

"We had our ups, and we had our downs. Sometimes we wondered if we would ever make it through the season. Yet, somehow we managed to pull together and looking back we sure had some fun."

B-A-S-K-E-T

The basketball team headed by coach Ray Yanchus, in his 19th year of coaching, established themselves as a contender for the Mountain Valley Conference title. The season began with a loss to Berkeley Heights, but the team rebounded by recording six straight victories. Optimism for a very successful season can be seen by the six game winning streak. Coach Yanchus feels the success is due to, "balance between both the offense and defense, and a lot of team effort!" The team was fortunate enough to have many returning players like Geoff Bradshaw, Eric Saline, Rob Steir, and junior veteran Kyle Hudgins. The returning players were supported by Norm Hauelsen, Chuck Hackley, Tim Walker, Jim Price, Dave Johnson, Glenn Delaney, and Ken Deitz, Dan Circelli, and Ron Fusco. With a better than .500 record, the Bulldogs are successful in helping the growth of Dayton's SPIRIT!

The Girls Basketball program, under the supervision of second year coach, Mr. Art Krupp, has begun to turn itself around. With half the season completed, the team, which features four underclassmen starters, has gained valuable experience, as well as showing an improvement in the win-loss column. Key players have been senior starter Karen Hudgins, Kathy Price, Monica Preiss, Linda Hockstein, Kathy Drummond, Lisa Wood and Kathy Meixner. Coach Krupp expresses optimism for the remainder of the season and has confidence that the growth he has seen in the program, in his first two years as coach, will continue.

UNDEFEATED AGAIN!

The Boy's and Girl's indoor track team had a very successful season this year under the coaching of William Byrne, Christeen Comerchi and Don Hartman. The team will never forget the practices held up on the second floor.

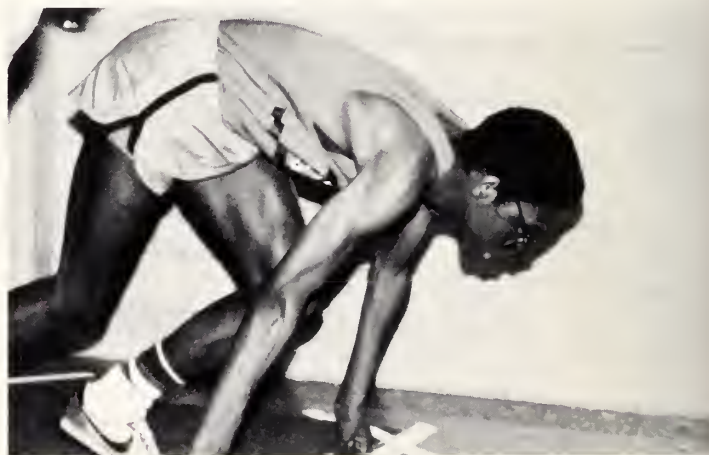

Captain Scott Connolly led the boys to a 6-0 dual meet record. Placing 5th in the 2 mile run at the Group State Meet, Scott went on to run in the meet of Champions. Vinnie Cocchia led the middle distance group, while Captain Bob Carroll led the shorter distances. Robert

Casey, Anthony Baccus, and newcomer Kenny Palazzi were also very helpful in the sprints. The climax of the season was the win against 1982 Group 1 champions, Roselle Park, when it came down to the last event.

The Girl's track team had a 5-0 dual meet record. Leading the team were captains Alice Barry, Maureen Kelly and Janis Levine. Also contributing were Jayne Kakol and Janet Leber. The most impressive win was against Metuchen with a score of 53-15.

As in the past, the swim team has earned praise and esteem with its success this season. Coached by Mr. Cushnir, and led by Sr. Captain Matt Eick, the JD swim team practiced this year every morning, BEFORE SCHOOL, from the beginning of the season (mid Nov.) until its end (mid Feb.) at the Union Boys and Girls Club. Evidently, the hard practice paid off and the team finished with a winning record as well as competing in several major meets and winning the Elizabeth Invitational Meet. Although success was accomplished by the whole team, the top senior swimmers added to the victories as well as several promising underclassmen and a talented diving team. Coach Cushnir and the rest of the swim team fans have great hopes for the season next year.

PIN 'EM FLAT

Brett Walsh (134 lbs.) tries to gain a takedown.

Robert Sokohl (108 lbs.) attempts an escape for 1 pt. to win against Millburn.

Under the inspired coaching of Mr. Rick Iacono, the team entered a tough conference with high hopes and determination. Contributing to this season were captains John Caricato, Jack Parent, and Nino Parlavecchio and returning lettermen Robert Sokohl, Mike Scuderi, Tony Apicella, Matt Kupershtein and Anthony Castellani.

One could often find the team hard at work in the field house practicing the same drills over and over ... bulldog, switch, and cradles. They knew them so well that they could do them in their sleep. You could not forget all the thin slim bodies as they "starved" themselves in order to make weight. In the final analysis, all the endless hours of work were worthwhile, both individually and for the team. In every match they gained confidence and the will to try harder. Win or lose, they showed good sportsmanship and they were welded together as a team, proud to represent our school.

SPARE TIME BOWLERS

The Bowling Team finished its season with a 12-12 dual meet record. The team, which bowls only twice a week, is coached by Mr. John Swedish. A match consists of three dual meets. Each dual meet is determined by the highest combined pin fall of five bowlers. Captain Dan Freedman was the major contributor with a 210 average. Other starters include Timm Nugent, Jon Rubenstein, Sharon Kutsop and Hal Levine.

A COUNTY POWER?

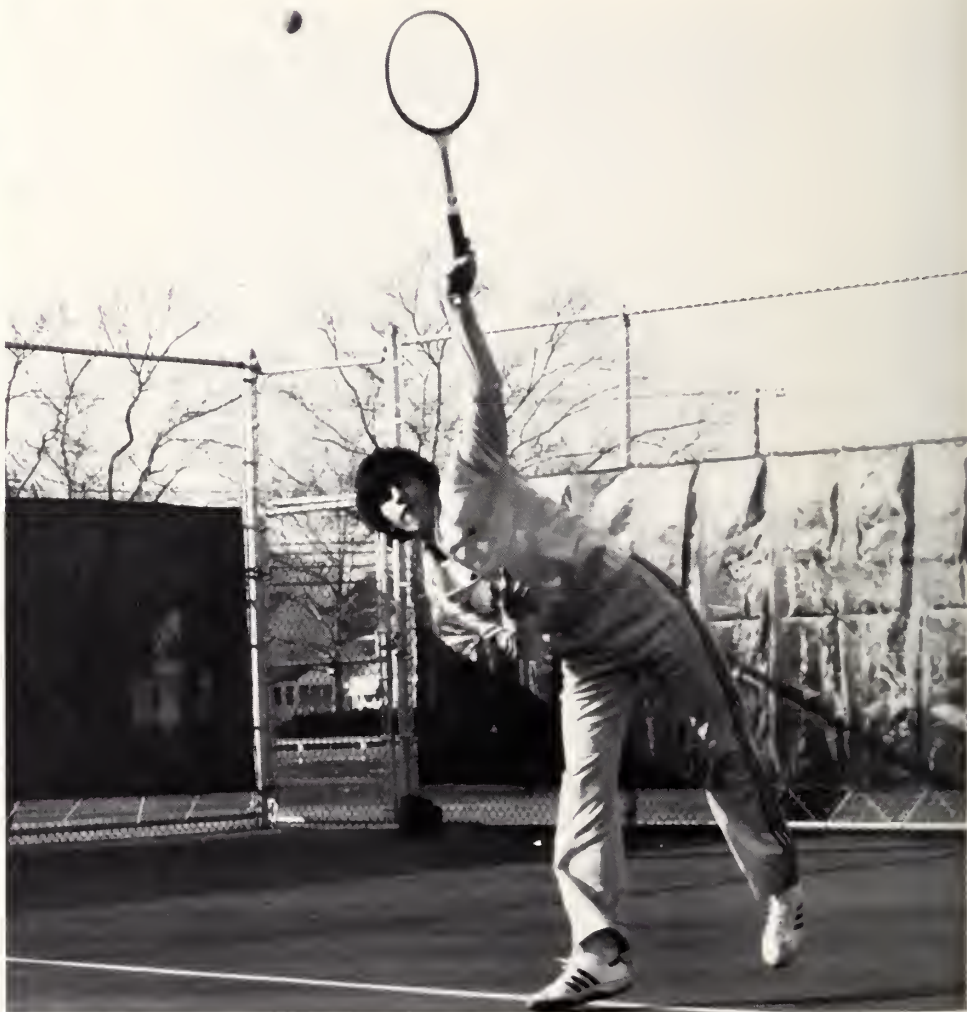

1st row, left to right: Peter Sommer, Matt Dooley, Mike Berlinger, Drew Greeley, Anthony Millin. 2nd row: Ira, Dan Freedman, Kipp Levinson, Robert Steir, Dan Schlager, Tom Daniel, Coach Dave Cowden.

The boys tennis team hopes to improve on last years 16-5 record and a 4th place finish in the Counties. With five returning starters, the team, coached by Mr. Dave Cowden, should be one of the best teams in Union County and a strong challenger for the conference title. Senior Dan Schlager and junior Mike Berliner will provide the team with solid performances at the top two singles positions. Pete Sommer will play third singles. Senior Robert Steir will anchor the first doubles team with his partner, Dan Freedman. The second doubles team will feature senior Tom Daniel. Overall, the tennis team expects to have a banner season, its best ever.

TAKE ME OUT TO THE BALL GAME

Coming off a seven game winning streak in an 11-9 season, the Dayton baseball team looked forward to the 1982 season. "We want to continue the way we left off last year," commented Coach Robert Lowe. "We have the same positive attitude this year — a lot of hard work and dedication.

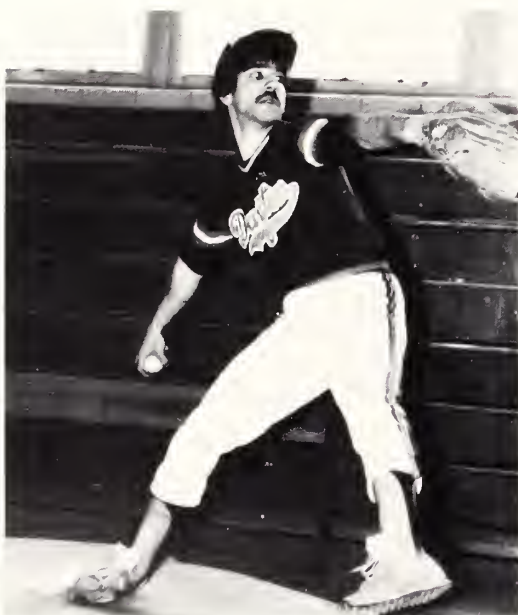

Although the Varsity team only consisted of fourteen players, eight were returning lettermen, many of whom played Legion Ball. This made for an experienced team. Lowe counted on the hitting power of co-captains Vinnie Cocchia and Dave Crane, as well as John Cocchia, Kirk Yoggy, Pat Esemplare and Larry Zavodny.

The Bulldogs depended upon their defense and speed. Pitching also was key. Unfortunately, the Dawgs lacked depth, with the pitchers receiving little rest.

Asked to sum up the morale of the team, Coach Lowe commented, "They have an outstanding attitude, which will definitely point them in the direction of a successful season."

HIGH HOPES FOR YOUNG TEAM

Although the team is young, Coach Bill Jones feels the Girls' Outdoor Track team will do just fine. One reason for his optimism is the balance of the team, with hurdles, distance and high jumping being the girls' strong points. Leading this talented and dedicated team are seniors Janis Levine, Maureen Kelly, Janet Leber, Jayne Kakol and Alice Barry. The rest of the team is made up of only four juniors and the other 80% consists of sophomores and freshmen. However, what the girls lack in experience, they make up for in dedication and a lot of hard work, and isn't that what winners are made of?

This year's Dayton Girls' Volleyball team is under the advisement of Coach Steve Fenton. Coach Fenton is in his third year of coaching at Dayton is looking forward to a winning season this year.

The team is basically young, but has a few veteran players. The captains are Barbara Goldner, returning for her fourth year, and Anne Raamot. Other important and skilled players are Robin Brand, setter, and Fran Resner.

The enthusiastic players are working very hard to fortify their skills. Each day after school, practice starts with running laps, exercising and ball drills. Then, it progresses to offensive tactics, defensive tactics, and game situations. Opening the season with a basic 4-2 strategy (4 spikers and 2 setters), Coach Fenton hopes that the team will gain enough experience and confidence to move into a more complex 5-1 strategy. This looks like a very promising season, with teams such as New Providence, adding strong competition.

Barbara Goldner sets the ball up for teammate, Anne Raamot.

Fran Resner smashes another serve.

Anne Raamot smiles as she hits the ball.

ONE, TWO, THREE ...

The girls softball team hopes to improve their record this year and will work to the best of their ability to do so. With the addition of a new coach, Mr. Howard Cushnir, the girls are looking forward to a strong season in the new Mountain Valley Conference. They will find tough competition against Immaculata, Middlesex, and Manville, but they hope to place in the counties and possibly qualify for the states.

We're confident that the girls will do a fine job this season.

First row: Diane Grieco, Julie Klubenspies, Linda Bongiovanni, Linda Graziano, Nancy Kennedy, Melissa Monticello. Second row: Kathy Price, Lisa Wood, Michelle Kennedy, Linda Belenets. Back row: Lisa Geraghty, Monica Preiss, Donna Keller, Carol Heyman, Karen Flynn.

Linda Graziano throws a strike.

Kathy Price stands alert at third base.

"I got it!" yells Linda Bongiovanni.

IT'S ALL IN THE SWING

Frank Kelly unleashes his potent swing.

(Below) Keith Drexler follows through perfectly. (Below Center) "Oops, I missed the ball" exclaims David Luchenbach.

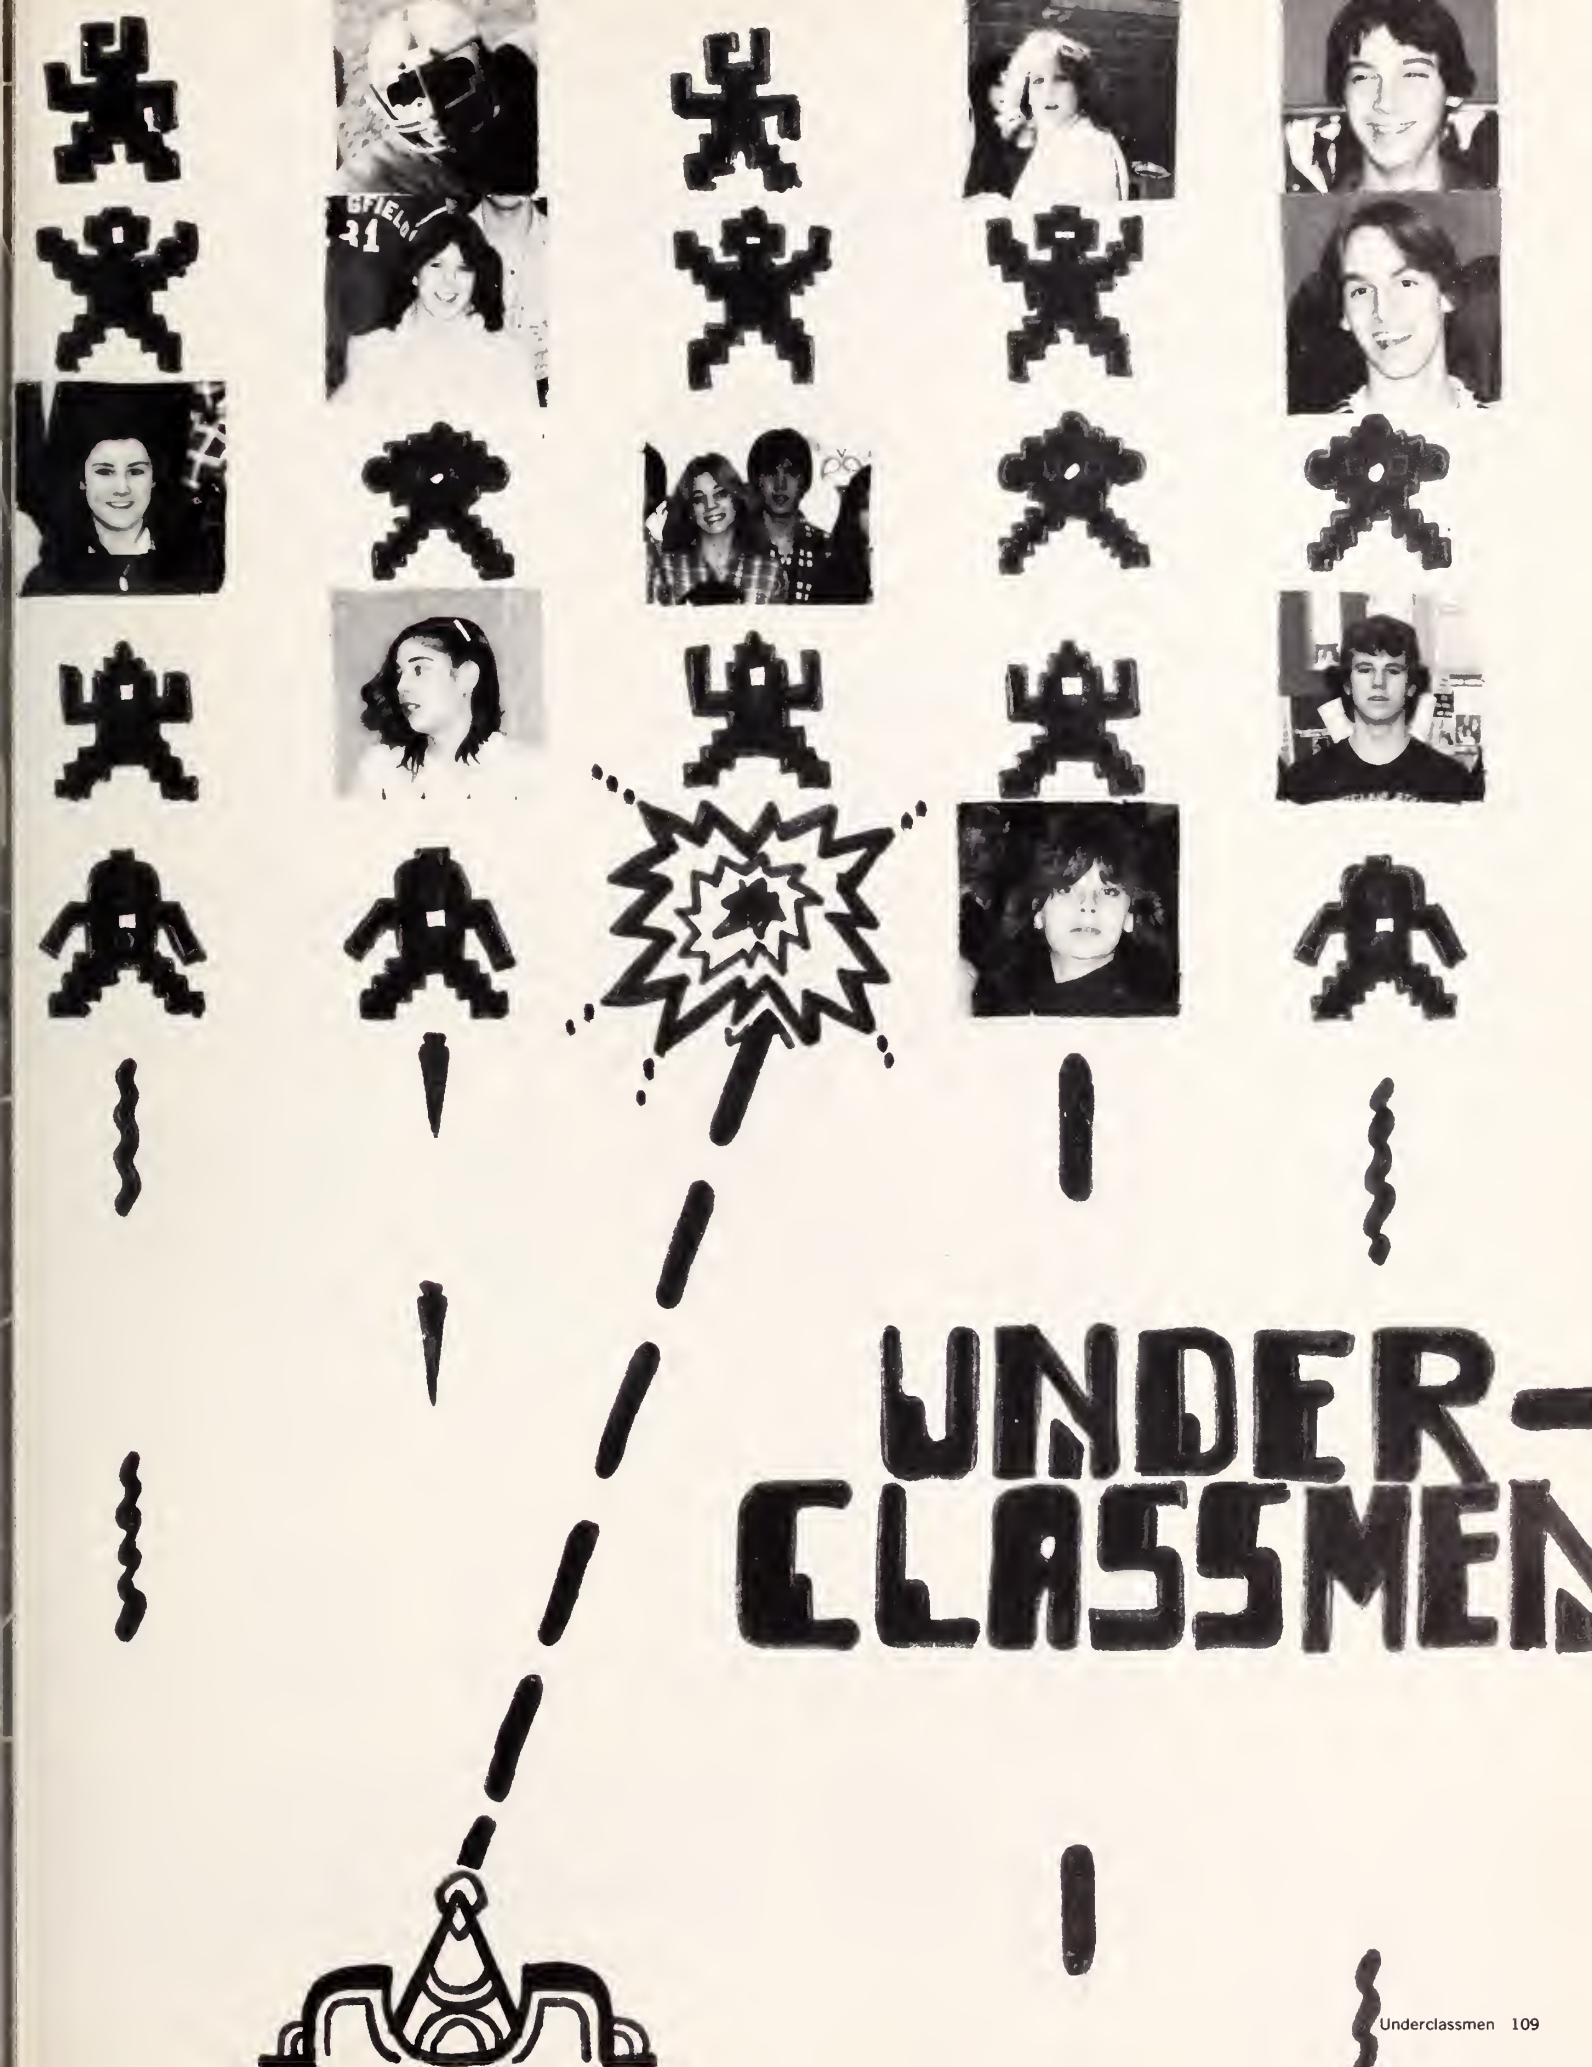

James Bennett practices his stroke.

1st row, left to right: Brandt Feuerstein, Pat Anglim, Jay Siegel, Jon Maul. 2nd row: Coach Ray Yanchus, Frank Kelly, Milton Smith, Ira Gross, Mike Tomko, Robert Daniel, James Bennett, Keith Drexler, David Luchenbach, Matt Kupers-tein. Not pictured: Pete Klaskin, Jamie Fleming.

The 1982 Golf team, under the supervision of Mr. Ray Yanchus, will be stronger than last year's team. Frank Kelly, a two year letterman, David Luckenbach and James Bennett will lead a squad that should be more consistent. With the switch to the new conference, the team will play a much heavier schedule consisting of 28 matches, many at the Baltusrol Golf Club. With this home course advantage, the team is hoping for a better year end record.

SPECIAL

Melissa Schatz started ice skating when she was seven years old. Inspired by watching ice skating and ice shows on TV, Melissa quickly took up the sport. She started with regular lessons at South Mountain Arena and soon found she had a special talent that she wanted to pursue. From there she went to Port Washington, Long Island to train, and then to Monsey, NY. When asked if it interfered with her school work, she replied, "Yes, it did a lot. I had to get a special schedule for early release and I deferred the first semester of my Junior year. When I came back the second half of the semester, I had to double up on all my courses in order to graduate on time."

Part of her tough training schedule includes getting up at 4:30 am to skate before school. She also skated after school to make a total of seven hours of practice a day.

This hard work has paid off already. Not only did Melissa participate in several exhibitions and shows, but placed extremely well in major competitions on the East Coast.

Some of her top performances have included; first place in the NJ Counsels competition, thereby making her Junior Ladies Champion of NJ, third place of the Senior Ladies in the 1981 Regional competition which covered all of NJ, NY, and Conn., and she placed in the top ten of the 1981 Eastern U.S. Championships. Melissa also placed in the top three in twenty-five other competitions.

Today Melissa teaches professionally at South Mountain Arena. Her plans for the future include college, and the possibility of joining an ice show.

What started with a home in the Pocono's, a stable down the street, and a natural love for horses, turned into more than what seventeen year old Sandie Swanson ever expected. At the age of five, Sandie was introduced to her first horse by a man who worked at the stables near her home. It was love at first sight and she decided to start taking lessons.

Today, Sandie trains at Westtown,

New York. Her weekends are spent there, where she practices hard for different shows during the course of the year. Her trainer also brings her horse, Emmett Kelly, to NJ once a week to a nearby stable. Sandie must practice often, to keep herself and her horse in perfect form in order to qualify for various International shows.

Among these, Sandie has qualified

as a Junior rider for the International Horse Show in Washington, and for the last two years, in Harrisburg, NY. The most prestigious honor she has earned was to ride at the International Horse Show at Madison Square Garden. Here she qualified for the past two years in the equitation division, where she rode against almost two hundred other riders her same age. But this past year, Sandie added another honor to her collection. She qualified for the Junior Hunter division at The Garden. Only thirty-five riders were selected from all over the country to ride.

Sandie has found very little difficulty in keeping up with her schoolwork while she's away. She maintains a high grade point average and is at the top of her class. She receives a little tutoring while away, but most of the work she does on her own. Sandie plans to attend college in the fall and keep up her riding.

WHAT'S MY LINE?

Barbara Ernst checks out her customer at Acme while Dennis Flynn and Kim Hagel help bag the food.

Although many students participate after school in different school activities including sports, clubs and the band, there are a good percentage of students who have part-time jobs. These jobs vary from working in a fast-food restaurant to working in an office. Part-time jobs are not always easy to find but with the help of Mrs. Ullom, the School Job Placement Director, many students are assisted in finding jobs.

Kathy Rogers says, "Hold on, I'll get the Doctor."
